Friends of the San Pedro River

River Walks

The San Pedro River features some of the richest wildlife habitat in the Southwest. Here you'll find 82 species of mammals, dozens of different reptiles and amphibians and nearly 350 species of birds. In addition, the river supports one of the largest cottonwood-willow forest canopies remaining in Arizona and is one of the last free-flowing rivers in the Southwest.

The interpretive river walks are usually 1.5 to 2 miles long over easy terrain, including sections where the trail is uneven and rough. They are slower paced than a hike and suitable for most adults and children. Free, although donations are accepted

Saturdays:

April 7, 14, 21, 28

River walks depart from the San Pedro House at **8:00am***

Bird Walks

The San Pedro River is considered one of the largest and most critical avian migratory corridors remaining in the western United States. The San Pedro Riparian National Conservation Area (SPRNCA) provides habitat for over 100 species of breeding birds, and provides water, food and shelter for another 250 species of migratory and wintering birds.

Birders, novice or experienced, are invited to attend any of the listed bird walks to introduce them to the diverse avian community found in the SPRNCA. Observe 30 - 60 species on these popular two to three hour bird walks. Free, although donations are accepted.

Take a walk back in time...on one of our docent led *History Hikes*

April 7, 9:00am • CLANTON RANCH

Hike with our docents to the Clanton Ranch. You will learn about the Clanton family before, during and after the infamous gunfight at the OK Corral, why they came to the San Pedro River Valley, and why they chose this location for a ranch. This 2 hour hike covers 1.5 miles (total) on a dirt trail, ending in a rocky, uphill section of unimproved path. Wear a hat and bring plenty of water. The hike will meet at the Escapule Wash parking area within the SPRNCA. Go east from Sierra Vista on Charleston Road and turn south on Escapule Road. The parking lot is approximately 1.2 miles south on Escapule Road, a dirt, rectangular area with pipe fences on the east (left) side of the road.

April 14, 9:00am • MILLVILLE RUINS & PETROGLYPH TRAIL

Join the Friends of the San Pedro River for a history hike to the Old West site of Millville. This 2 hour, 2.5 miles (total) hike on gravel trails includes irregular surfaces, uphill sections and crossing a wash. The Corbin and Gird mills processed silver ore mined in Tombstone. These stamp mills on the east side of the river roared day and night for the boom years between 1878 and 1889. It was a boomtown in every sense of the word - a quick rise and a rapid decline. This site also contains many petroglyphs etched into the rocky hillsides. Please realistically assess your ability to participate. Be prepared for the weather with good shoes, water, and a hat. Meet at the Millville Parking Area; about one quarter mile east of the San Pedro River on the north side of Charleston Road; look for a large fire warning sign.

April 21, 9:00am • FAIRBANK HISTORIC TOWNSITE

Join our docents for a history hike at Fairbank, an important transportation hub during the silver boom in and around Tombstone. The walk will last approximately 1.5 hours; it entails a quarter mile walk around the town on roads or walkways and a .8 mile (total) walk to the town cemetery down a rough trail, to include a short, rocky, uphill stretch. The tour of the townsite will include the restored schoolhouse, the mercantile building, the town cemetery and other remnants of this historic railroad town. Fairbank was the longest-lasting ghost town along the San Pedro River, with occupation spanning 1881 to 1972. The tour will focus on the many colorful events and personalities of the town. Hike departs from the Fairbank Schoolhouse. The Fairbank parking area is about .5 mile east of the San Pedro River on Highway 82, between Tombstone and Whetstone.

April 28, 9:00am • PRESIDIO SANTA CRUZ DE TERRENATE

As the Spanish extended their empire out of Mexico, they established a Presidio (fortress) along the San Pedro River in 1776. Learn about the Presidio and what happened there to make the Spanish abandon the fort in 1780. The hike is about 3.5 miles (total) over an uneven, gravel trail that will be uphill on the return; it will take about 3.5 hours. There is no shade and it can be hot. Wear hiking shoes and a hat; bring plenty of water and a snack. Meet at the Presidio Parking Area on In Balance Ranch Road off Highway 82.

30 Years of Conservation 1988 - 2018

The San Pedro Riparian National Conservation Area was designated by Congress on November 18, 1988 to permanently protect approximately 40 miles of the upper San Pedro River. The primary purpose for the designation is to protect and enhance the desert riparian ecosystem, a rare remnant of what was once an extensive network of similar riparian systems throughout the Southwest.

The Bureau of Land Management and the Friends of the San Pedro River are committed to protecting and preserving this invaluable resource for the public to enjoy.

Join us in celebrating 30 years of conservation.
