

NOVEMBER EVENTS 2018

Friends of the San Pedro River

River Walks

The San Pedro River features some of the richest wildlife habitat in the Southwest. Here you'll find 82 species of mammals, dozens of different reptiles and amphibians and nearly 350 species of birds. In addition, the river supports one of the largest cottonwood-willow forest canopies remaining in Arizona and is one of the last free-flowing rivers in the Southwest.

The interpretive river walks are usually 1.5 to 2 miles long over easy terrain, including sections where the trail is uneven and rough. They are slower paced than a hike and suitable for most adults and children. Walks are free, although donations are accepted

Every Saturday:

Nov. 3, 10, 17, 24

River walks depart from the San Pedro House at **9:00am**

Bird Walks

The San Pedro River is considered one of the largest and most critical avian migratory corridors remaining in the western United States. The San Pedro Riparian National Conservation Area (SPRNCA) provides habitat for over 100 species of breeding birds, and provides water, food and shelter for another 250 species of migratory and wintering birds.

Birders, novice or experienced, are invited to attend any of the listed bird walks to introduce them to the diverse avian community found in the SPRNCA. Observe 30 - 60 species on these popular two to three hour bird walks. Free, although donations are accepted.

Wed., Nov. 7, 14, 21, 28

Saturday, Nov. 24

Bird walks depart from the San Pedro House at **8:00am**

EOP BIRD WALKS

The Sierra Vista **Environmental Operations Park (EOP)**, also known as the Sierra Vista Wastewater Wetlands, has been opened to public tours on Sunday mornings, all year round.

Group size is limited to 20 people and two leaders, on a first come-first serve basis. Arrive before the starting hour, and sign the waiver right away to secure a place. Walk is behind locked gates for 2-2.5 hours, and you must stay with the group the entire walk. Bring water, hat, and binoculars. A spotting scope is optional. A checklist will be provided. Tours are free, but donations are accepted.

Every Sunday:

Nov. 4, 11, 18, 25

Meet at 8:00am

at the EOP viewing platform parking lot
(Turn North off Hwy 90 between MM 324 and 325)

Take a walk back in time...on one of our docent led *History Hikes*

November 3, 9:00am • **PRESIDIO SANTA CRUZ DE TERRENATE**

As the Spanish extended their empire out of Mexico, they established a Presidio (fortress) along the San Pedro River in 1776. Learn about the Presidio and what happened there to make the Spanish abandon the fort in 1780. The hike is about 3.5 miles (total) over an uneven, gravel trail that will be uphill on the return; it will take about 3.5 hours. There is no shade and it can be hot. Wear hiking shoes and a hat; bring plenty of water and a snack. Meet at the Presidio Parking Area on In Balance Ranch Road off Highway 82.

November 10, 9:00am • **GRAND CENTRAL MILL**

Grand Central mill processed ore from the mines in Tombstone. It is located 1.25 miles north of Fairbank. Our docent will lead the hike, explaining the history of the site and showing the foundations of the mill. The trail is gravel and uneven, with some uphill stretches. There is some shade, but it can be hot. Dress for the weather, wear good walking shoes and a hat; bring plenty of water. This 2.5 mile (total) hike will last about 3 hours. The Fairbank parking area is about .5 mile east of the San Pedro River on Highway 82, between Tombstone and Whetstone.

November 17, 9:00am • **MILLVILLE RUINS & PETROGLYPH TRAIL**

Join the Friends of the San Pedro River for a history hike to the Old West site of Millville. This 2 hour, 2.5 miles (total) hike on gravel trails includes irregular surfaces, uphill sections and crossing a wash. The Corbin and Gird mills processed silver ore mined in Tombstone. These stamp mills on the east side of the river roared day and night for the boom years between 1878 and 1889. It was a boomtown in every sense of the word - a quick rise and a rapid decline. This site also contains many petroglyphs etched into the rocky hillsides. Please realistically assess your ability to participate. Be prepared for the weather with good shoes, water, and a hat. Meet at the Millville Parking Area; about one quarter mile east of the San Pedro River on the north side of Charleston Road; look for a large fire warning sign.

November 24, 10:00am • **MURRAY SPRINGS CLOVIS SITE**

The Clovis people were among the first humans to reach North America some 13,000 years ago. Come visit one of the premiere Clovis Cultural sites in the country. A docent will lead this hike, explaining the latest hypotheses on how they got here, how they lived, and what happened to them. You will have a chance to see replicas of Clovis artifacts found at Murray Springs and hear about the many large animals, most now extinct, that lived in the San Pedro River valley at the time. The 1.5 hour hike entails about .5 mile walking on a trail that is rough and uneven in some areas and requires you be able to navigate earthen steps down into and out of a wash. There is little shade and it can be hot. Wear hiking shoes and a hat; bring plenty of water. Meet at the Murray Springs Parking Area off Moson Road

Riparian
National
Conservation
Area

30 Years of Conservation 1988 - 2018

The San Pedro Riparian National Conservation Area was designated by Congress on November 18, 1988 to permanently protect approximately 40 miles of the upper San Pedro River. The primary purpose for the designation is to protect and enhance the desert riparian ecosystem, a rare remnant of what was once an extensive network of similar riparian systems throughout the Southwest.

The Bureau of Land Management and the Friends of the San Pedro River are committed to protecting and preserving this invaluable resource for the public to enjoy.

The 30th Anniversary of the SPRNCA is a time to reflect on the success of river protection and good stewardship for the past three decades, while looking forward to the next thirty years and beyond.

To commemorate this occasion, the Friends of the San Pedro River and the Bureau of Land Management are planning a celebration at the San Pedro House on Saturday, November 17, from 2 to 4 p.m. Speakers will include former US House Representative Jim Kolbe, former BLM Arizona State Director Dean Bibbes, representatives from the Bureau of Land Management, and the Friends of the San Pedro River.

Saturday, November 17, 2 to 4 p.m.
