

## FSPR Volunteer Service/Activity Description

### Recreation use monitoring:

Description: Visit trailheads, visitor contact stations and other sites in the San Pedro Riparian National Conservation Area to survey types of recreational uses on public lands and record visitors engaging in those activities at regular intervals. Limit impacts to wildlife and landscape as much as possible.

1. *Location:* San Pedro Riparian National Conservation Area, specific locations determined in project planning
2. *Time/schedule commitments:* Special projects planned and announced in advance, 3 to 4 hour workday or longer depending on project.
3. *Use of government vehicle:* Will be operated by government employee as needed to reach work site. Will ride as passenger in government vehicle to survey location.
4. *Use of personal vehicle:* For volunteer's personal transportation to meeting point.
5. *Tools and equipment:* Counters and other recording devices, GPS, clipboard and survey forms.
6. *Personal tools and equipment:* Gloves and personal protective clothes and footwear. Drinking water and food/snacks, hat, sunblock.
7. *Skills and abilities needed:* Walking in riverbeds and on rugged, natural terrain.
8. *Training and certifications:* Knowledge of recreational categories and associated activities, survey techniques, and GPS device use. Recognizing potential hazards encountered along trails and throughout landscape.
9. *Level of physical activity:* Moderately strenuous due to walking, hiking through brush.
10. *Hazards or risks:* Walking outdoors on natural terrain, uneven and rough ground, sometimes in remote locations. Potential cuts and punctures, potential pathogens, hazardous materials. Hazardous materials will be reported to BLM representative on site, and will not be handled or removed by volunteers. Encounters with stinging and biting insects, wildlife, allergens (dust, pollen). Encounters with undocumented immigrants, drug smugglers, hunters.
11. *COVID-19 preventative measures:* Volunteers are recommended to check on the latest CDC guidance at the following website: <https://www.cdc.gov/coronavirus/2019-ncov/index.html>
