

# JUNE & JULY EVENTS 2023

## Friends of the San Pedro River

### River Walks

The San Pedro River features some of the richest wildlife habitat in the Southwest. Here you'll find 82 species of mammals, dozens of different reptiles and amphibians and nearly 350 species of birds. In addition, the river supports one of the largest cottonwood-willow forest canopies remaining in Arizona and is one of the last free-flowing rivers in the Southwest.

The interpretive river walks are usually 1.5 to 2 miles long over easy terrain, including sections where the trail is uneven and rough. They are slower paced than a hike and suitable for most adults and children. There is no charge for the walks.

**Saturdays,  
June 3  
July 1**

River walks depart from the San Pedro House at **8:00am**

### Bird Walks

The San Pedro River is considered one of the largest and most critical avian migratory corridors remaining in the western United States. The San Pedro Riparian National Conservation Area (SPRNCA) provides habitat for over 100 species of breeding birds, and provides water, food and shelter for another 250 species of migratory and wintering birds.

Birders, novice or experienced, are invited to attend any of the listed bird walks to introduce them to the diverse avian community found in the SPRNCA. Observe 30 - 60 species on these popular two to three hour bird walks. Bring water, hat and binoculars. There is no charge for the walks.

**Wednesdays,

**Observe from 4:00pm - 6:00pm**

Up to 10 species of hummingbirds use the green corridor of the San Pedro River as a freeway between their tropical winter retreats and their northern nesting grounds. The public is invited to get a close-up look at these tiny travelers as staff and volunteers from the Southeastern Arizona Bird Observatory capture, band, weigh, measure, and release them as part of long-term studies of the bird life of this vital migration route. The public is welcome to observe banding sessions at no charge, but donations are gratefully accepted.
