Nature Walk

San Pedro House, 8:00 am Saturday, July 6. The San Pedro River is one of the last free flowing rivers in the Southwest and home to one of the largest cottonwood-willow riparian forests remaining in Arizona. On this walk we will discuss the interactions of the components that make up the ecosystem of the river and its importance to the surrounding area. The walks are 1.5 to 2 miles long over easy terrain. These are slower paced than a hike and suitable for most adults and children. The San Pedro House is located 7 miles east of Sierra Vista on Highway 90, on the south side of the highway. It is searchable in Google Maps.

FSPR Bird Walks

San Pedro House, Wednesday, July 10, 6 am, and Wednesday, July 24, 6 am. The SPRNCA provides habitat for over 100 species of breeding birds. The San Pedro River is also a critical migration corridor that provides water, food, and shelter for another 250 migratory and wintering birds. Novice and experienced bird watchers attend our bird walks to view the diverse avian community of the area. We usually observe 30-60 species on these popular walks, which last approximately three hours. Bring water, a hat, and binoculars. These walks can be moderately difficult on uneven terrain. The San Pedro House is located 7 miles east of Sierra Vista on Highway 90, on the south side of the highway. It is searchable in Google Maps.
